W to possess important medicinal properties. This fact is familiar to every matron in our latel, and physicians elten prescribe it in different forms for a variety of complaints. Tar, also, has been equally noted for its virtues; and some physicians, whose names are familiar to the whole country, have gone so far as to declare that even GON-SUMPTION could be cured by that alone. In other hands, again, it was nearly valueless, owing other hands, again, it was nearly valueless, owing, no doubt, to their ignorance in preparing and administering it—a difficulty now entirely obviated

by patient experiment and long experience.

The extraordinary medical powers of these two substances are now, for the first time, combined and embodied in DR. WISTAR'S BALSAM OF WILD CHERRY. you that my daughter, Amanda, aged 16 years,
had, about a year since, a very savers attack of
measels, which reduced her very much, and left
her with a racking cough. I employed all the phyuicians within our reach for the purpose of removing her cough, but without success. She oppeared to be sinking into a decline, with every symptom of consumution.

I then tried Dr. "Rager's Liverwort and Tar." But that aggravated her cough, and gave her symptoms of a still more malignant character. I was now most seriously alarmed, and it was with trembling fear that I from day to day, saw the progress bling fear that I from day to day, saw the progress of that insatiable disease, consumption. I really despaired of my daughter's recovery. But I providentially saw the certificate of Jonathan Coulsan, whose daughter, Sarah Jane, was coved of Consumption by "Wistar's Balsam of Wild Cherry;" this created a faint hope that it might help my daughter, and I immediately commesced using it, and it almost instantly gave relief, her health was improved from the first bottle, and by the use of two bottles of "Wistar's Balsam of Wild Cherry," size was restored to perfect health, and she is not
